

Access Scaffolding Services is a major provider aluminium access solutions to the construction and industrial markets with a national network of branches. We are a team of experienced, professional and certified scaffolders dedicated to quality and safety. Independently owned and operated since 2006 we have grown to become a leading supplier of the Alquip 220 Series Scaffolding equipment.

We provide a range of products and services to suit your needs:

- Aluminium scaffold access systems and solutions
- Free site inspections and quotations
- Australian manufactured quality products
- Competitive pricing
- Qualified and experienced scaffolders for erection/dismantling
- Hire and Sales options
- Qualified staff available out of hours to suit project requirements
- Products that are code compliant for government projects

Access Scaffolding's warehouse is located in Campsie, in the heart of Sydney.

Our services include:

- **We Design**

We can arrange for a no-obligation on-site assessment, design and quotation to meet your specific requirements to ensure stability, functionality and safety.

- **We Deliver**

All scaffolding equipment can be delivered to your site when you need it and with minimum fuss.

- **We Erect**

Our certified scaffolders can erect your structure for you for peace of mind and confidence. Structures over 4m high can only be erected by a certified scaffolder.

- **We Dismantle**

We can do the hard work and remove the structure safely once it's job has been done.

- **We Pick Up**

Timely and prompt pick up of no longer needed scaffolding equipment can be arranged.

Call us for an obligation-free assessment and quotation of your scaffolding requirements today.
